

## 2007-08 Supplemental Contracts

Jim Hays, KASB Research Specialist

February, 2008

Number 4

For many years, KASB has conducted a survey of supplemental contract amounts paid by Kansas school districts. The data collected then is used by KASB members to compare their situation with that of similar districts, usually during negotiations of overall salaries and compensation questions in the district. Printouts of this data, or a searchable database file, can be requested by calling the KASB Research Department at 800-432-2471.

This publication summarizes the data collected to date; a few districts have not yet completed negotiations for the 2007-08 school year and are operating on last year's salary rates. A total of 272 districts have reported new supplemental contract amounts.
